

Discover the NYCAST® Advantage

REACH SVHC and RoHS Certification

Products: NYCAST®, NYLOIL® and NYMETAL®
type 6 Cast Nylon and type 12 Cast Nylon

SUBJECT:

Compliance with EU- REACH (1907/2006)¹ – Article 59(1) - Candidate List of Substances for Eventual

Inclusion in Annex XIV (Authorisation) (last updated on June 16, 2014)

The Candidate List of Substances of Very High Concern (SVHCs) for Eventual Inclusion in Annex XIV published according to Regulation (EC) No.1907/2006 (REACH) is available at:

<http://www.echa.europa.eu/web/guest/candidate-list-table>

Substances which are considered SVHCs:

- carcinogens, mutagens or reproductive toxins (CMRs)
- persistent, bio-accumulative and toxic (PBTs)
- very persistent and very bio-accumulative (vPvB)
- serious and/or extremely hazardous to the environment or to human health (equivalent concern substances)

Certification:

All components of NYCAST, NYLOIL and NYMETAL type 6 cast nylon and type 12 cast nylon have been checked against the Candidate List of SVHC including the four additional substances published by ECHA on June 16, 2014.

Based on information obtained from our component suppliers, this document certifies that products NYCAST, NYLOIL and NYMETAL type 6 cast nylon and type 12 cast nylon contain Substances of Very High Concern (SVHC) above the threshold concentration of 0.1% (w/w) as listed by the European Chemicals Agency (ECHA) under the provisions of Regulation (EC) No. 1907/2006 of the European Parliament and of the council concerning the Registration, Evaluation, Authorization, and Restriction of Chemicals (REACH) per the ECHA 16/06/2014 and previous updates.

SVHCs contained in products NYCAST, NYLOIL and NYMETAL type 6 cast nylon and type 12 cast nylon:

CAS no. EC no. REACH Registration no.	Component Synonyms
68-12-2 200-679-5 -	Dimethylformamide
872-50-4 212-828-1 -	1-Methyl-2-pyrrolidone

¹ Regulation (EC) No. 1907/2006 of the Parliament and of the Council of 18 December 2006

SUBJECT:

Compliance with EC Directive 2011/65/EU – Restriction of the use of certain Hazardous Substances (RoHS)

EU Directive 2011/65/EU¹ restricts the use of the hazardous substances listed below. The threshold limit values are established according to Commission Decision 2005/618/EC² and listed in the following table.

Substance	Maximum Concentration (% weight by weight)
Cadmium	0.01%
Mercury	0.1 %
*Lead	0.1%
Hexavalent Chromium	0.1 %
Polybrominated biphenyls (PBB)	0.1 %
Polybrominated diphenyl ethers (PBDE)	0.1 %

*Certain exceptions may be described in the RoHS Directive

Certification:

To the best of our knowledge and based on the information provided by our suppliers, the NYCAST, NYLOIL and NYMETAL type 6 cast nylon and type 12 cast nylon are RoHS compliant. The finished products of NYCAST, NYLOIL and NYMETAL type 6 cast nylon and type 12 cast nylon do not contain any of the substances listed above, at or above the corresponding threshold limit values.

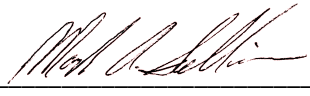

No statement can be made about NYCAST, NYLOIL and NYMETAL type 6 cast nylon and type 12 cast nylon. No guarantee can be made with regard to RoHS compliance for the inventory held by distributors or downstream third party users.
